2025 Key Highlights

Skyline stood by quality and transparency—as always. Our major milestones this year include:

- **Advisory Success:** Successful completion of multiple investment advisory projects.
- **Strategic Growth:** New collaborations within the commercial & residential real estate sector.
- **Expansion:** Strategic property acquisition support for clients in Dhaka & Chattogram.
- **Innovation:** Research work initiated on Smart Housing & Green Building Trends.
- **Network:** Expansion of our investor network, with rising interest from both local and international markets.

December Arrives: Time to Look Back & Look Up

The year turns its final page, and we pause — not to slow down, but to breathe, realign, and appreciate how far we've built. From investment-backed developments to urban housing solutions and commercial property advisory, 2025 was a year of groundwork and growth.

Brick by brick, deal by deal — we built trust.

Investment Spotlight: Commercial & Industrial Projects

Industrial growth in Bangladesh continues, with logistics, warehousing, and manufacturing-linked properties remaining hot picks for long-term investors.

Real Estate Trends & Advice

- Green-certified buildings and smart home automation are gaining traction.
- Land banking is becoming a strategic wealth tool.
- Overseas buyers are increasingly exploring the Bangladesh market.

Investor Advice: Before You Invest

- **Verification:** Verify land documents twice —trust once.
- **Location:** Location decides 50% of future return.
- **Yield:** Commercial zones near highways or ports offer higher yields.
- **Strategy:** Long-term property holding builds higher wealth than short-term flips.

Smart Investment Outlook: 2026 Forecast

Markets are shifting, and opportunities are emerging. Our analysis suggests the following trends for the upcoming year:

- **Growth Zones:** Peripheral Dhaka is entering an acceleration phase.
- **Property Type:** Mixed-use developments are seeing an increasing demand curve.
- **Returns:** Rental yield in mid-tier properties is projected to rise.
- **Sustainability:** Eco-friendly structure demand is surging among new buyers.
